The inevitable need for progress necessitates continual change. We cherish what we have and what we have had. We anticipate what is to come. Our hope is that in changing we may eliminate what has been poor, conserve what has been worthy, and plan what is exemplary.

Like the worm which becomes a butterfly, out of chaos of men and machines will emerge a monument of higher Christian education.

Happiness, destruction, and relaxation combined make up the effortless meaning of college. Our favorite lessons are those which teach us the fundamental principles of group living.

They make their entrances

... and their exits.

MAIL (?) CALL

Time out for our ballet dancers.

Work of few provides enjoyment for many.

Nature compensates for Slater System with nuts to P.J.C. boys.

Don't despair of a student if he has one clear idea.

"To the victor belongs the spoils."

GRADUATION SPEAKERS

Dr. John A. Redhead, Jr.

Governor Terry Sanford '35

"The higher purpose of education is to prepare the individual to make free and self-reliant use of all the faculties with which the Creator has endowed him, and so to direct these faculties that they may perfect all human life; each individual, in his proper place, should be able to act as the instrument of the omnipotent, all-knowing Power that has called him into being."

Pestalozzi

DR. and MRS. LaMOTTE

"The past is but the beginning of a beginning, and all that is and has been is but the twilight of the dawn."

ALMA MATER

To Thee, dear College, do we raise
Our voices in acclaim
And memories of yesteryear
Shall cluster 'round Thy name;
And as we sing our College song,
Unfurl the banners free,
Revealing Liberty and Truth
Forever P. J. C.

DEDICATION

For devotion to his profession beyond its actual demands, a disinclination to shirk responsibility, a thorough grasp of subject matter and an interesting and vital manner of presenting it, and a way of making us students realize the importance of learning, we the students of Presbyterian Junior College extend our appreciation and gratitude by dedicating this last issue of the Bagpipe to Dr. John P. Daughtrey.

PRESIDENT

Dr. Louis C. LaMotte

In college, a completely new world begins to open before us-- a world of challenge and opportunity. More than any of you realize now, this year at Presbyterian Junior College has helped prepare you to face life and its many demands. This last edition of *THE BAGPIPE* will be a reminder during the years ahead of some of the experiences that have made this year so rich and fruitful. All this has been through the timeless efforts of Dr. LaMotte who is always ready to help when we need him.

DEAN DAUGHTREY

This is the man we went to when we couldn't seem to get started in the right direction. He gave us advice and a feeling of comfort in our chosen vocation. He acted as a guide to all of the students and did a very efficient job of getting us started in the right direction.

DEAN ATKINSON

Dean Atkinson came to us new this year and right from the beginning was "one of us." We took our problems to him and he always seemed to find the right answer. As coach, teacher, and dean, he seemed to bring the three together so as to give the students the best of each whenever the time came.
